EXPERIENCE

FPT IS — Flutter Developer May 2021 – Present

- Led a team of 3 Flutter engineers and delivered 14 products for transportation, ticketing, smart city and enterprise clients, with 1M+ total downloads.
- Designed the Flutter architecture (Bloc/Cubit, Clean Architecture) applied across the team's projects.
- Built the HCMC Metro ticketing ecosystem, including the passenger app, kiosk, POS and mini-POS, covering digital and paper tickets and QR payment.
- Integrated paper ticket printing over LAN and USB serial for the Metro kiosk and POS apps.
- Delivered 3 public bus apps (Go!Bus, Bus HP, Buýt Đồng Nai) from one white-label Flutter codebase, with realtime bus tracking, ETA, route planning and multimodal navigation.
- Served as sole developer for traffic info apps in HCMC, Gia Lai and Đồng Nai, designing a white-label architecture that serves all 3 provinces from one Flutter codebase, plus Web and Zalo Mini App versions in ReactJS.
- Ran code reviews, sprint planning and technical mentoring, and managed releases to Google Play and App Store.
- Worked with cross-functional teams of 15+ members, including BA, QA, backend and design.

VLab JSC — Mobile Developer Aug 2019 – Apr 2021

- Served as sole developer for urban planning information apps (TTQH HCM, TTQH Bến Tre, Hai Chau Smart City, ITPC), with interactive GIS maps and planning data visualization.
- Developed Android (Java) and Flutter applications using MVC and MVVM architecture.
- Integrated REST APIs and Firebase services, and released apps to Google Play.

VNPT — Fresher Apr 2019 – Jul 2019

- Built basic mobile apps and web interfaces (JavaScript, HTML, CSS, Bootstrap).
